### About us

Sixt was founded in Munich Germany in 1912 by Mr. Martin Sixt. The fleet has grown from 3 to 225,000 cars with offices in 110 countries.

Sixt in Uzbekistan is the first and only European car-sharing company. It is managed by Farkhad Rasulev, the founder of Dolores Travel Group.

Both companies are united by a family origin that has turned into a large business, innovation, a wide range of product categories, and service classes – from budget to premium.

You can always count on quality service. Experienced specialists will take care of the technical condition of the autos and your safety. Professional drivers who speak foreign languages will provide comfort during the trip. The friendly operating staff will resolve all issues related to renting a car in Uzbekistan.
